The Black Horn Robert Lee Watt,2014-10-30 *The Black Horn: The Story of Classical French Hornist Robert Lee Watt* tells the story of the first African American French Hornist hired by a major symphony in the United States. Today, few African Americans hold chairs in major American symphony orchestras, and Watt is the first in many years to write about this uniquely exhilarating—and at times painful—experience. *The Black Horn* chronicles the upbringing of a young boy fascinated by the sound of the French horn. Watt walks readers through the many obstacles of the racial climate in the United States, both on and off stage, and his efforts to learn and eventually master an instrument little considered in the African American community. Even the author's own father, who played trumpet, sought to dissuade the young classical musician in the making. He faced opposition from within the community—where the instrument was deemed by Watt's father a "middle instrument suited only for thin-lipped white boys"—and from without. Watt also documented his struggles as a student at a nearly all-white major music conservatory, as well as his first job in a major symphony orchestra after the conservatory canceled his scholarship. Watt subsequently chronicles his triumphs and travails as a musician when confronting the realities of race in America and the world of classical music. This book will surely interest any classical musician and student, particularly those of color, seeking to grasp the sometimes troubled history of being the only "black horn."

Music in the Baroque Era - From Monteverdi to Bach Manfred F. Bukofzer,2013-04-16 This vintage book contains a comprehensive treatise of Baroque music. It was written for the music student and music lover, with the aim of acquainting them with this great period of music history and helping them to gain a historical understanding of music without which baroque music cannot be fully appreciated and enjoyed. Written in simple, plain language and full of fascinating information about baroque music, this text will appeal to those interested in music but who have little previous knowledge of baroque, and it would make for a most worthy addition to collections of music-related literature. The chapters of this book include: 'Early Baroque in Italy'; 'The Beginnings of the Concertato Style: Gabrieli'; 'The Phases of Baroque Music'; 'Tradition and progress in Sacred Music'; 'The Netherlands School and Its English Background', et cetera. We are republishing this antiquarian volume now in an affordable, modern edition complete with a new prefatory biography of the author.
